TORONTO, CANADA - Tsodilo Resources Limited (TSX Venture Exchange: TSD) ("Tsodilo" or the "Company") wishes to announce that effective today, Dr. Michiel CJ de Wit will be stepping down as Tsodilo's President and Chief Operating Officer and from the Board of Directors.

The Board would like to sincerely thank Mike for his many contributions during his tenure and is pleased to further announce that Dr de Wit has agreed to remain closely associated with the Company in an ongoing role as a technical advisor.

Dr. de Wit commented, "I have enjoyed working as Tsodilo's President and COO for almost a decade, during which time, Tsodilo has established Botswana's first and only iron resource which the Company is actively exploring avenues of exploiting. Alongside this, the Company has expanded the Cu, Co, and Au exploration activities in northwest Botswana and shown this area to exhibit great potential for mineralization and future discoveries. The first phase of the BK16 evaluation kimberlite project in the Orapa kimberlite field was successfully completed and has become an exciting milestone for the Company and is consistent with the Company's approach of tackling large projects by doing quality work in an efficient and timely fashion. I am confident that the Company's projects will continue to move forward under the direction of Dr. Alistair Jeffcoate who has worked alongside me for the past 5 years".
